AGENCY FOR TEXTILE LIVING CULTURE

INSPIRED BY DESIGN

01 SPACE & ATMOSPHERE | 02 DESIGN & COMFORT | 03 STRUCTURE & DETAIL | 04 CALM & HARMONY | 05 TECHNIQUE & INNOVATION

WEAVING SUSTAINABILITY INTO EVERY THREAD.

— Sustainability – in the choice of raw materials, the mindful use of resources, and in both production and human ecology – is a core value shared by our weaving mills, not just a passing trend. The weaving mills we collaborate with are European, family-run businesses with long histories, strong traditions, and deep expertise in textile production. In the long run, what truly matters to us are quality, innovation, reliability, and partnership – values that make a real difference and shape everything we do. —

PASSIONATE ABOUT TEXTILES

TEXTILES DESIGNED WITH **HEART**, WOVEN WITH **VISION**.

— We are passionate about textiles, design, and architecture – and about the creative dialogue with our clients. Together, we develop unique upholstery fabrics for both indoor and outdoor spaces, always driven by the idea of creating something good, meaningful, and lasting. Our partners include leading furniture brands and textile wholesalers who share our belief in thoughtful design, deep-rooted tradition, and genuine craftsmanship.

Our design philosophy combines clarity and comfort, aesthetics and functionality – a reflection of contemporary living with a timeless touch. Every fabric we create embodies this balance, offering visual harmony and lasting quality that stand the test of time. —

COMMITTED TO CRAFTSMANSHIP AND SUSTAINABILITY
